Year 1
Traditional Japanese Toy Making: Kokeshi Dolls
Wednesday 20th November 2013

The Year 1 children will be participating in a 45-minute workshop to make a traditional Japanese toy with Leanne O'Sullivan from Kimono House. The cylindrical wooden dolls known as Kokeshi are thought to date back to the early 19th century, but versions of them have recently become a part of popular culture too.

Children will decorate their own miniature wooden doll to take home.

The cost of this incursion is included in the 2013 Incursion/Excursion payment. If you haven't paid the Incursion/Excursion payment please do so before Monday 4th November. Thank you.

Helen Atkins, Japanese Teacher
